Select Committee on Depreciation of Silver: 'Report from the Select Committee on Depreciation of Silver; together with the Proceedings of the Committee, Minutes of Evidence, and Appendix'. The nearly two hundred pages of appendices that accompany the report contain a wealth of information on the production and movement of precious metals over the first three quarters of the nineteenth century. There is also a useful index to the report itself, the minutes of evidence, and the appendices. The list below provides the headings for each of the thirty-six appendices.
