World Gold Council Members

The World Gold Council’s 33 Members are some of the world’s most forward-thinking gold mining companies. They are headquartered across the world and have mining operations in over 45 countries.

Our Members share our vision of ensuring a sustainable gold mining industry, based on a deep understanding of gold’s role in society, now and in the future.

We support our Members by stimulating demand in new and existing markets through research, insight and partnerships with leaders in investment, jewellery, industry and academia. We work across the entire supply chain, from sustainable and responsible gold mining through to the consumer marketplace.
